

■ PhaseGuard Forensic Evidence Dossier

Prepared for: National Cyber Crime Portal (cybercrime.gov.in) | Helpline: 1930

FINAL VERDICT: UNKNOWN

Field	Value
Call ID	0153f2bd-07ee-4d53-8daf-a2711d13199e
Call Start	N/A
Duration	0.0 seconds
Ingestion Source	BROWSER_MIC
Generated At	2026-09-02 08:37:02 UTC

1. Chain of Custody / Audio Integrity

The SHA-256 hash below was computed over the raw PCM16LE audio bytes at the time of recording. Any modification to the audio file will change this hash, making tampering detectable.

Field	Value
SHA-256 Hash	00
Audio Size	0 bytes
Audio Duration	0.0 seconds
Sample Rate	16000 Hz PCM16LE Mono

2. DSP / Voice Analysis

Metric	Result
Peak PDI Score	0.0000 (1.0 = fully synthetic, 0.0 = human)
Voice Classification	UNCERTAIN
Tremor Energy	0.0000
Physiological Tremor	NOT DETECTED
Peak Tremor Frequency	10.0 Hz

3. Extracted Scam Identifiers

These identifiers were extracted from the call transcript and are suitable for inclusion in an FIR or complaint on the National Cyber Crime Portal.

Identifier Type	Values
UPI IDs	None detected
Phone Numbers	None detected
Bank Accounts	None detected
IFSC Codes	None detected
URLs / Apps	None detected
Impersonated Entities	CBI
Caller Claimed Names	None detected

3b. Entity Verification (Investigative Signals)

IMPORTANT: The following are investigative signals for human judgment only, not automated fraud determinations. They provide useful leads for investigators and do not constitute legal evidence about any company or individual.

Entity	MCA Verify Link	Domain Age	Domain Flag	Public Presence
CBI	<a data-bbox="469 1924 1038 1948" href="https://www.mca.gov.in/mcafoportal/ViewCompanyMasterData.do?...">https://www.mca.gov.in/mcafoportal/ViewCompanyMasterData.do?...	N/A	Not Data	Yes

4. Real-Time Fact-Check Verdict History

No fact-check verdicts recorded during this call.

5. Transcript Summary

I am calling from CBI. Your Aadhaar is blocked. Pay 50000 rupees now.
